Accommodation that puts your needs first

We understand that student accommodation is more than just a place to stay- it's about providing a comfortable, welcoming, and safe environment, an environment which successfully help them learn, live, and grow. From our unique township location to managed accommodation, students have everything they need within easy reach. To do so, we've teamed up with the CoHo - a tech start-up that aims to provide a superior living experience to millennials across India.

Say hello to CoHo

CoHo is a tech start-up that aims to provide a superior living experience to millennials in India.

For young professionals, CoHo brings fully-furnished comfortable home stay with a community of like-minded people, and aim to providing a hassle-free living experience driven by high class, tech enabled, services so that residents don't just live but enjoy living. CoHo is currently operational across Delhi NCR with more than 2000 beds and caters to the millennial generation's housing needs across the student housing and young professionals segments. It looks to expand rapidly in the coming months across other top urban cities and operate more than 5000 beds by the year end.

Providing you with all you need to learn, play, and flourish

Uncompromised quality, security, and comfort.

We're not just reimagining hospitality education - we're reimaginign the way students live during their studies.

Our CoHo managed accommodation gives our students a totally new take on the student lifestyle. Our students will have the option to share apartments in premium villas within the Vatika India Next Township itself, in close proximity to the ISH campus and other township amenities.

Students will benefit from the safety and comfort of living within one of Vatika's most premium developments with 24 hour security and private police force that is active at all times.

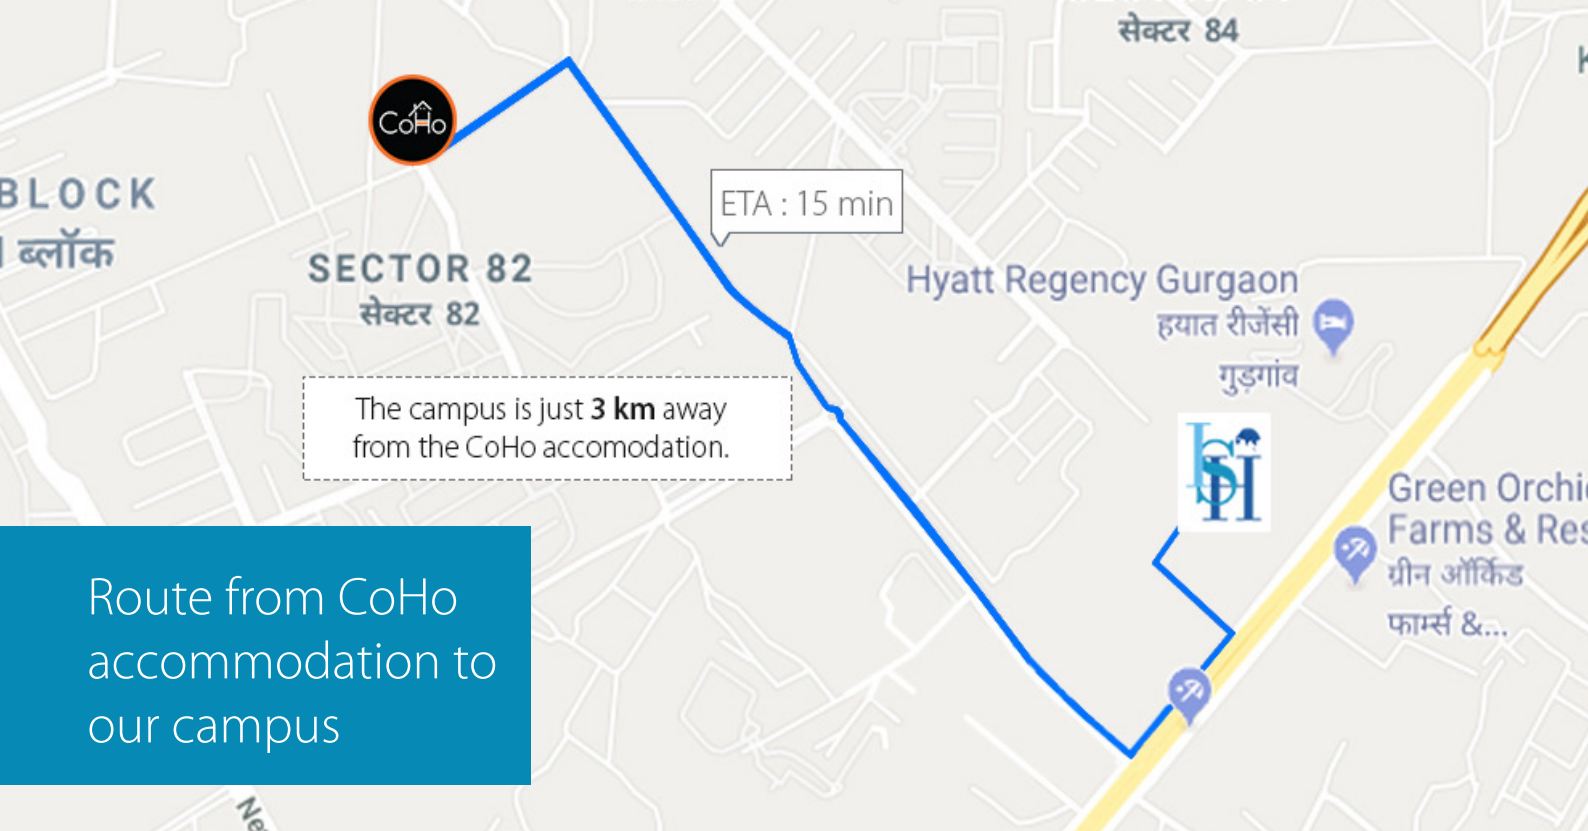

All student villas are located near the heart of the bustling township. For additional security purposes, all villas are accessible only through resident biometrics - ensuring exclusive access to the residing students and nobody else.

Our students' safety is our topmost priority, which is why all accommodation will have around the clock maintenance, security, and emergency services, to ensure full safety and peace of mind for students and parents alike.

All accommodation will be under the supervision of appointed residential advisors who will help ensure residents' safety, satisfaction, and happiness.

All the students who choose to stay in accommodation will be given access to the CoHo Resident App which will be the one touch assistance for all the repairs and maintenance at your accommodation. There'll be a warden as well for any other emergency or help so that you feel at home and truly at ease. We're there for our students, any time, anywhere.
